OEM and ODM Requirements

Display Total Solution
Integrated products and services for your unique needs

The image consists of several parts: a photograph of a person in a white protective suit and mask working on a large blue display panel; a detailed 3D cross-section diagram of a display module showing its internal layers from top to bottom as Cover glass, Touch function layer, Display, and Backlight; and a row of six smaller images below, each representing a different product or component: a magnifying glass over a small circuit board, a smartphone, a laptop screen, an HDMI to MIPI board, an HDMI to LVDS board, and an HDMI to MIPI board.

Dear, hello, are you worried about long delivery time, high MOQ, inventory, ductility, design, professionalism, and poor service?

1. We ship within **2~5 days** as soon as possible;
2. We support sample service, **MOQ = 1**;
3. We have strong **R & D** and production capabilities and have sufficient inventory;
4. We will **innovate and develop** new products every month;
5. We are **OEM / ODM**;
6. We are at your service **24 hours**. Product quality issues can be returned at any time;
7. We ship your products with the **fastest and best logistics**;
